Personal Profile:

I am an architecture graduate with a passion for design, focused on how architecture and spaces influence people. With a background across France, Australia, the USA, and Northern Ireland, it has allowed me to develop an understanding of how different cultures experience and utilise space. I am eager to apply my architectural skills and global outlook to impactful projects.

Education:

Ulster Univeristy

Northern Ireland, UK

BA (HONS) Architecture

2023-2026

- GPA 4.00
- Honors: First-Class Honors, Dean's List for Academic Excellence, and Year Representative.
- Designed a range of residential and community projects, applying building codes and regulations with a focus on sustainability and net-zero principles, through material choices and passive design strategies.

ENSA Versailles (National Superior School of Architecture)

Gijón, Spain

Rurapolis

Aug - Sept 2024

- Collaborated with architects and urban planners on rural revitalisation research projects.
- Researched deterioration of local materials in maritime environments through site investigation and material testing.
- Performed in-depth material testing on multiple rammed earth formulations, evaluating material durability and thermal mass.
- Aided in the physical construction of a rammed-earth community center as part of a rural revitalisation project.

Adlai E. Stevenson High School

Lincolnshire, IL, USA

High School Diploma with Honors

2019-2023

- First in class in Architectural Design course.

Experience

Procore

Remote

Customer Services Representative

Aug - Sept 2025

- Leveraged expertise in Procore software to aid and address technical client issues.
- Maintained 100% adherence to customer response deadline.

Des Ewing's Architects

Northern Ireland, UK

Apprenticeship

Jan - April 2025

- Collaborated on architectural plans with the lead architect.
- Peer reviewed plans to validate measurements and identify and resolve discrepancies.
- Participated in regular site meetings with project stakeholders to address project delays and logistics.
- Performed on-site inspections and site analysis, including measurements and photographs, to verify adherence to architectural plans.

Ulta Beauty, Inc

St Augustine, FL, USA

Beauty Advisor

June - Sept 2023

- Consistently exceeding sales target, ranking as store-wide top advisor.
- Provided personalised recommendations to support customer needs and shopping experience.
